RESOLUTION 15-30

Authorization to Fund the Construction of the Broadway and Sterne Drainage Improvements in the
Littles Creek Drainage Basin

WHEREAS, the intersection of South Broadway Street and Sterne Parkway is frequently inundated due to a lack of inlet capacity at the intersection causing ponding within the intersection and overtopping behind the sidewalk; and

WHEREAS, this frequent overtopping has severely eroded the slope behind the sidewalk on the east side of the South Broadway Street; and

WHEREAS, the eroded slope poses a safety hazard for pedestrian traffic along South Broadway Street; and

WHEREAS, design is complete for a construction project to improve the intersection's inlet capacity and to restore a safer stable slope behind the sidewalk;

WHEREAS, the bidding process for the construction of the Project has been completed, and the lowest responsible bidder selected; and

WHEREAS, the lowest qualified bidder is Naranjo Civil Constructors Inc., with a bid submitted for \$224,651.30; and

WHEREAS, the cost for construction engineering services and material testing services is estimated to be \$12,000.00; and

WHEREAS, it is typical to budget the construction bid amount plus an additional ten (10) percent (\$22,465.13) to cover contingencies that may be encountered during construction; and

WHEREAS, the total construction cost of the Project, including ten (10) percent contingency, is \$259,116.43; and

WHEREAS, SEMSWA has adopted a budget for calendar year 2015 subsequent to public hearing, which includes funds for the construction of the Project.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Executive Director is authorized to enter into a contract in the amount of \$224,651.30 with Naranjo Civil Constructors Inc. on behalf of SEMSWA for the construction of the Project.
2. The Executive Director is authorized to enter into a contract(s) not to exceed \$12,000.00 in total on behalf of SEMSWA for the construction engineering services and material testing services associated with the Project.
3. The funding for the construction the Project including contingency and costs associated with construction management and materials testing is limited to \$259,116.43, without prior approval of the Board.
