**SOUTHEAST METRO STORMWATER AUTHORITY
2020 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Formation of the Authority

The Authority was formed on September 19, 2006, pursuant to section 29-1-204.2, C.R.S., by an Intergovernmental Agreement between Arapahoe County, the City of Centennial, the Arapahoe County Water and Wastewater Authority, the East Cherry Creek Valley Water and Sanitation District, and the Inverness Water and Sanitation District. The purpose of the Authority is to plan, fund, construct, acquire, operate and maintain drainage and flood control facilities as determined by the Authority's board of directors through a coordinated and cooperative intergovernmental effort.

Enterprise Designation

Pursuant to Resolution 1, Series of 2006, the board of directors established the Authority as an enterprise as defined in Article X, Section 20 of the State of Colorado Constitution.

Budgetary Basis of Accounting

The Authority prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the Authority believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Significant Assumptions

- Stormwater utility fees are calculated based on impervious areas of all parcels within the boundaries of the Authority.
- Operating expenses were budgeted based upon prior year budgets with increases in certain personnel related expenses such as payroll, benefits, training, dues, and other professional services.
- Capital improvement project costs are prioritized through careful considerations by the Authority's engineering team and can be funded with the assistance of other governmental agencies through intergovernmental agreements.
- Reserves have been established for vehicle replacement, major building repairs, and computer replacements in 2020.
