

Master Planning Program

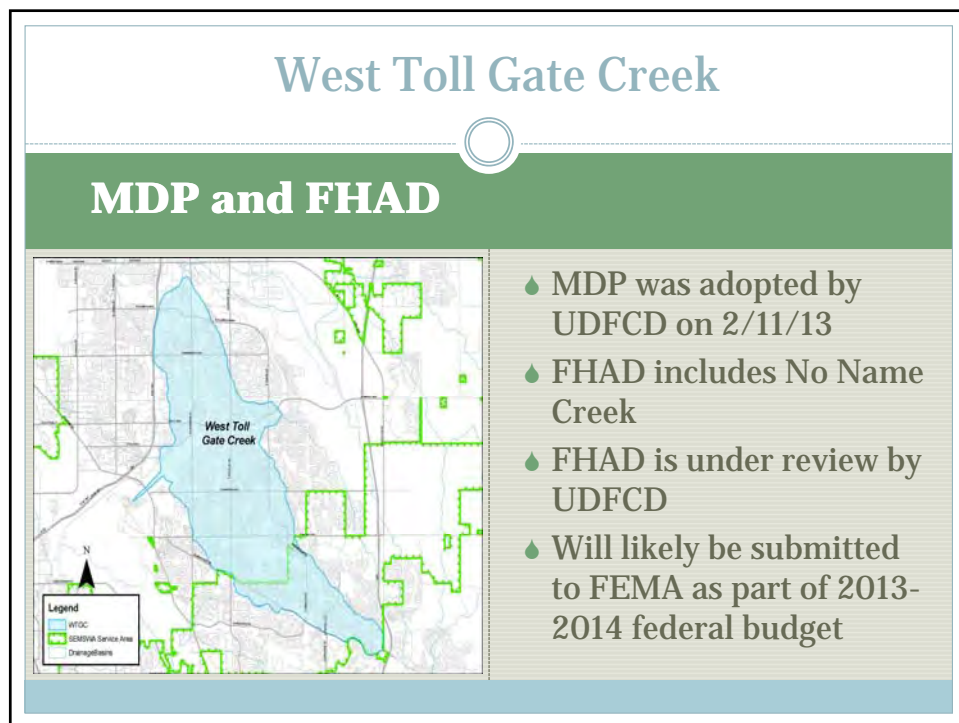

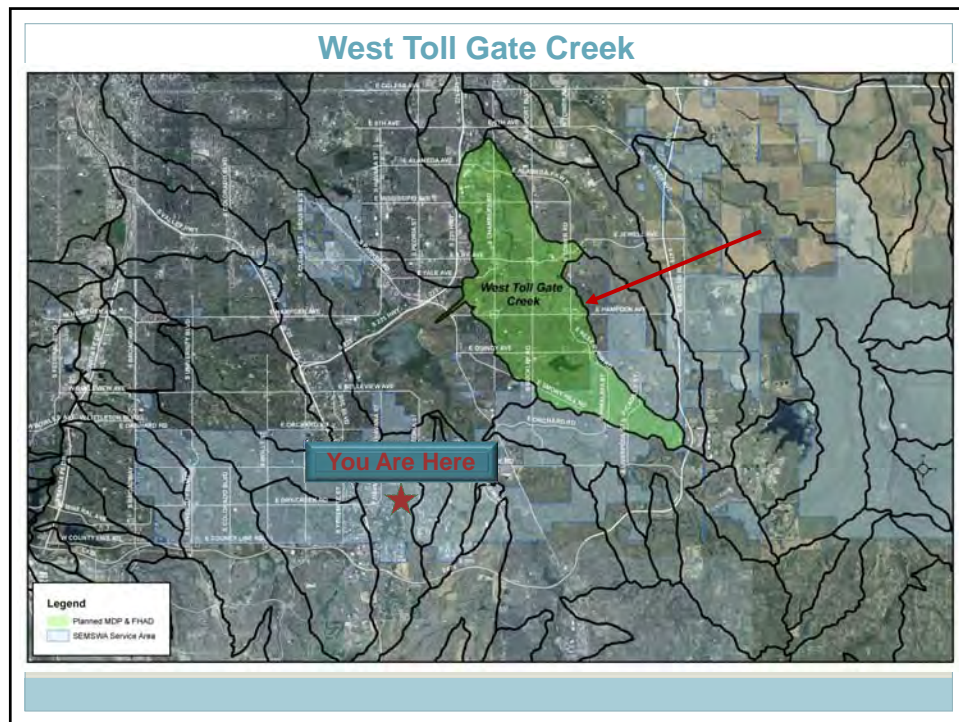

**JULY 2013
UPDATE**

Master Planning Program

**PLANS RECENTLY
COMPLETED**

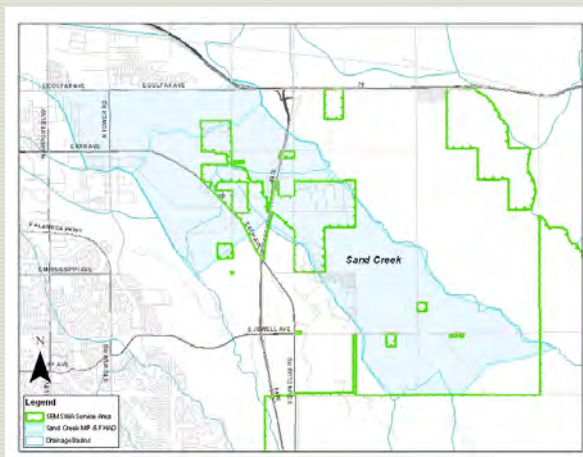

Sand Creek MDP and FHAD Study Area

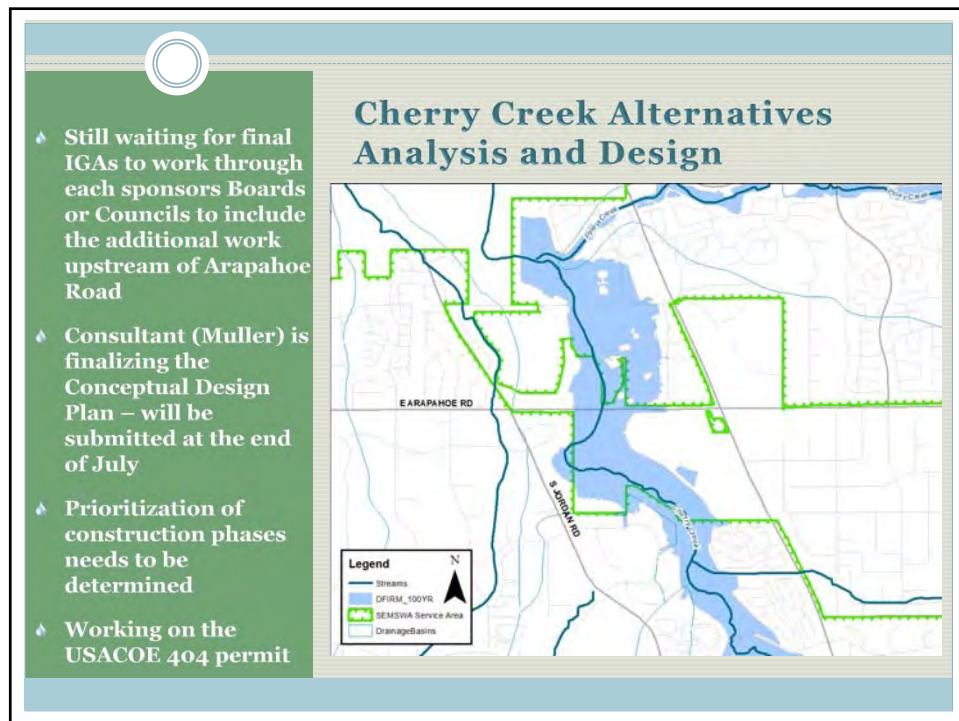

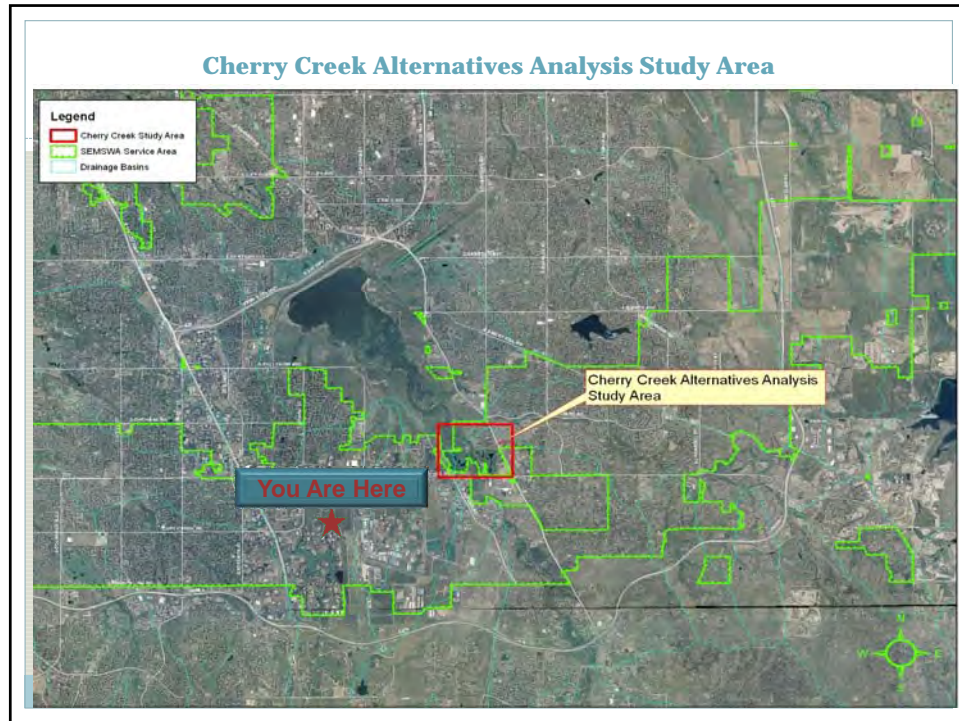

Sand Creek MDP and FHAD

Resumed:

- ♠ An alternative showing the State Land Board's development plan will be included
- ♠ Updated version has been submitted for review
- ♠ The FHAD was adopted by UDFCD on 12/20/2012
- ♠ FHAD will go to FEMA for adoption as part of the 2013-2014 Federal Budget year.

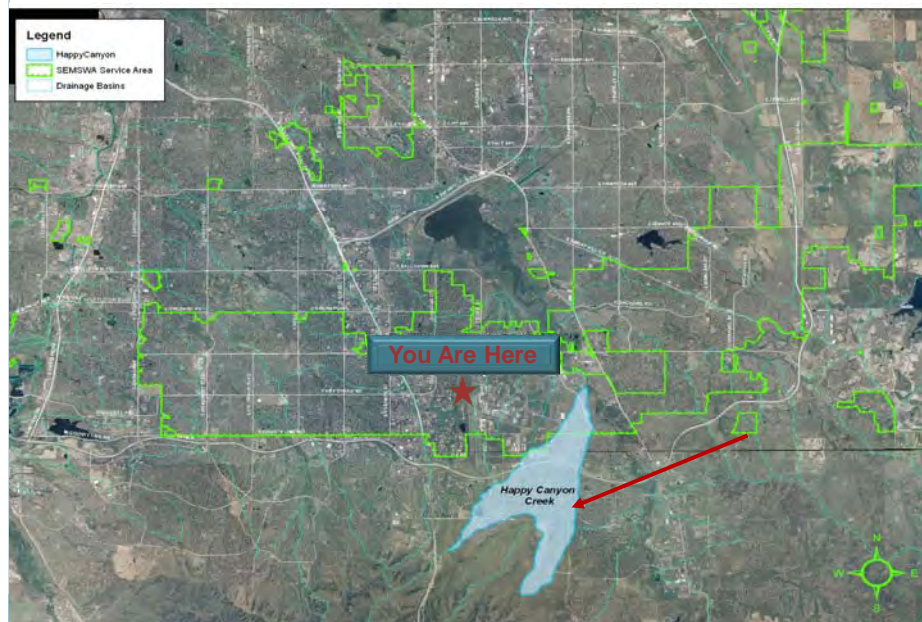

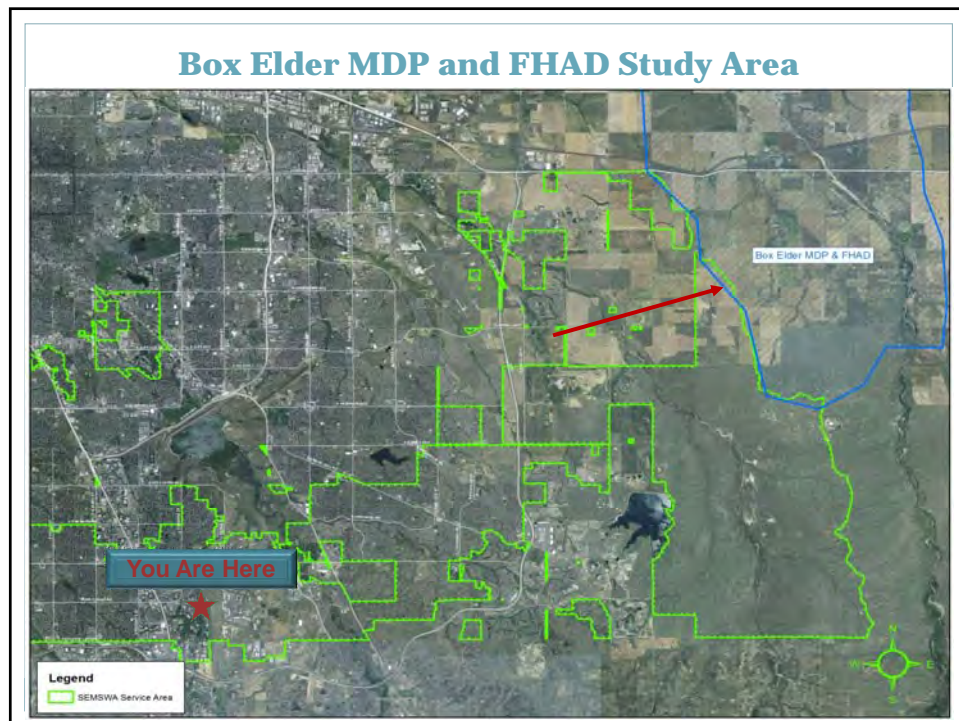

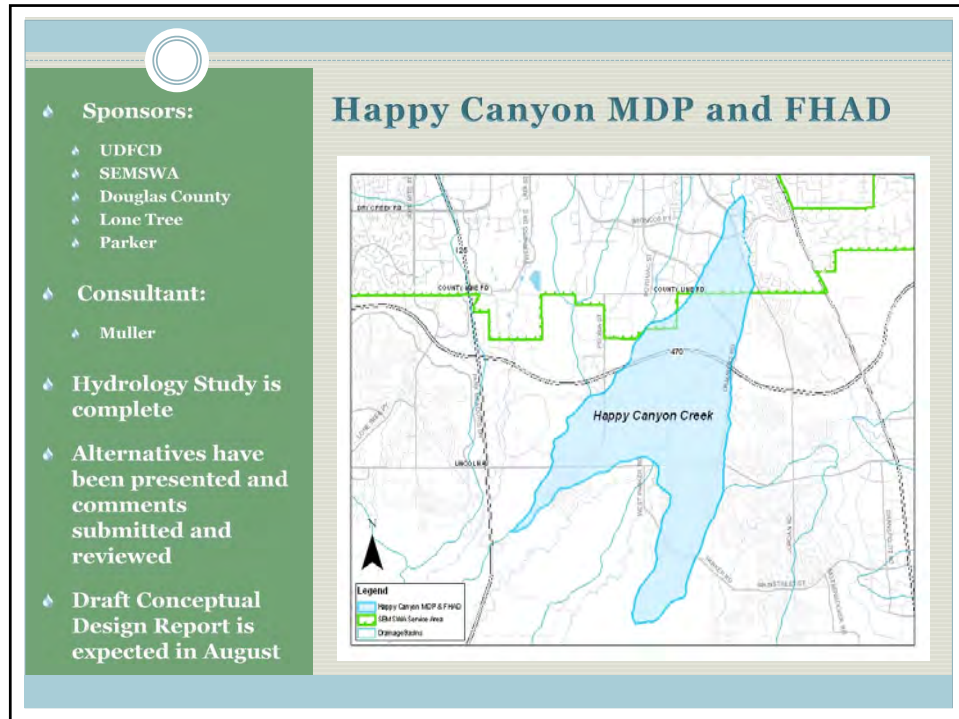

Master Planning Program

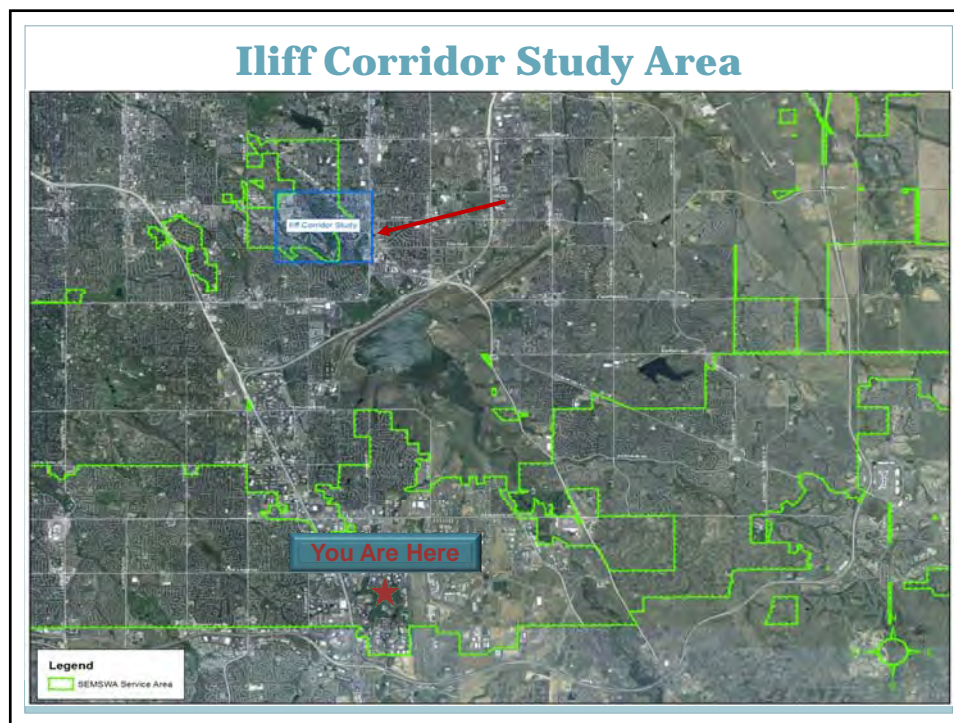

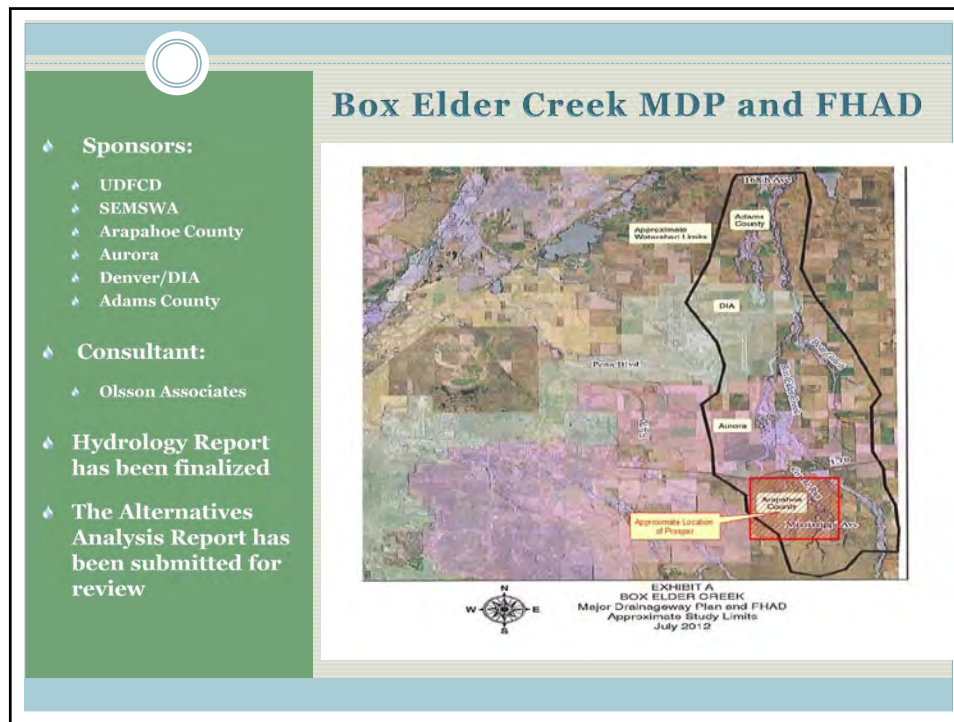

**PLANS STARTED
IN 2012**

Happy Canyon MDP and FHAD Study Area

Sponsors:

- ♦ Arapahoe County
- ♦ SEMSWA

Consultant:

- ♦ David Evans and Associates, Inc.

♦ There have been 4 TAC meetings to date

♦ First public meeting was held June 6, 2013

♦ Consultant is working towards a reasonable alternatives list before the stormwater components are analyzed (currently under review)

Iliff Corridor Study – Storm Water Master Plan portion of the study

Master Planning Program

PLANS STARTING IN 2013

Big Dry Creek MDP and FHAD Study Area

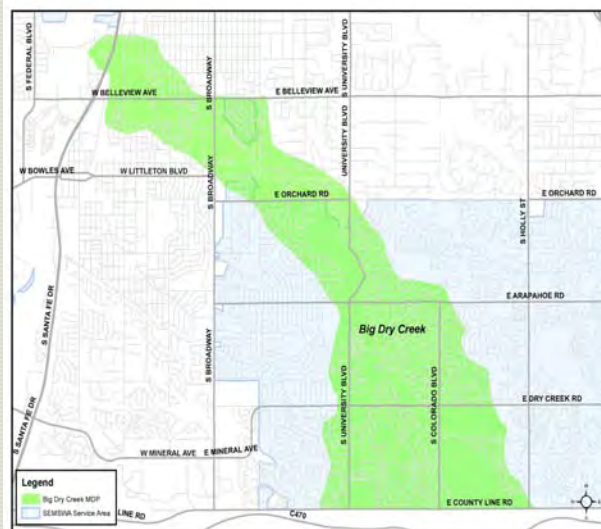

Big Dry Creek and Tributaries

Sponsors:

- UDFCD
- SEMSWA
- Englewood (recently agreed to sponsor)
- Greenwood Village

Consultant:

- 💧 **TBD**
- 💧 **Funding resolution was included in the consent agenda today.**

Senac/Aurora Reservoir Creek MDP and FHAD Study Area

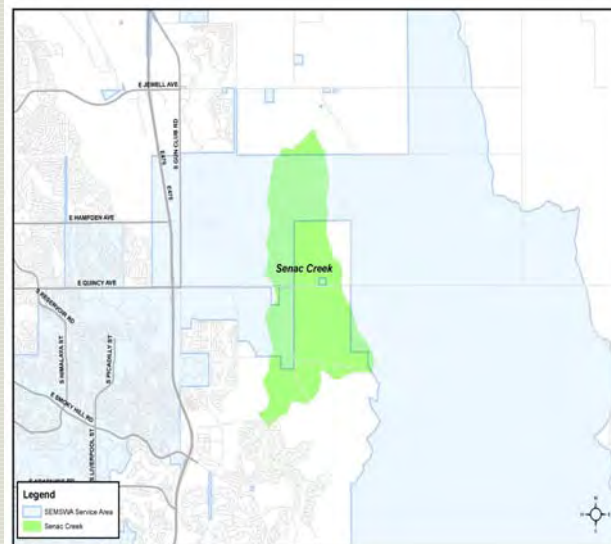

Senac Creek and Aurora Reservoir

Sponsors:

- ♦ UDFCD
- ♦ Aurora
- ♦ SEMSWA

Consultant:

- ♦ Matrix is already working on the FHAD
- ♦ UDFCD thinks it makes sense to let Matrix finish the MDP as well
- ♦ SEMSWA and Aurora will have to agree

Westerly Creek MDP and FHAD Study Area

Westerly Creek Upstream of the Dam

Sponsors:

- ♦ Aurora
- ♦ Denver

Consultant:

- ♦ CH₂M Hill

- ♦ SEMSWA is only a stakeholder in this study (did not participate in the funding)

- ♦ Watershed includes a portion of the Four Square Mile Area and results may affect the ongoing Iliff Corridor Study
